Comments (The customer / landlord relationship)

(Indicators 2 & 5) There has been a marked increase in the satisfaction levels for being kept informed and opportunities to participate from 95% to 98% and 87% to 96.4% respectively. This increase has been due to improvements in how we communicate with tenants and a new tenant participation strategy being introduced.

C8.4	What percentage of your organisation's stock will be fully assessed in the next survey for SHQS compliance	33.00
C8.5	Comments on method of assessing SHQS compliance.	•

We have completed year 3 of a 5 year rolling programme of surveys, having previously achieved a 97% survey rate over the last 5 year rolling programme. The surveys have targeted our oldest stock and have been carried out in 11 of our 14 stock areas. The surveys completed this year have been collated in a database and used as a basis for cloning unsurveyed properties based on property types, ages and development areas and previous historic surveys to project overall compliance. The surveys were carried out by external consultants and they provide a stock compliance statement and observations on overall compliance.

#### Comments (Neighbourhood & community)

Information provided to 30th September 2019

Indicator 13: There has been an improvement in the satisfaction in management of neighbourhood from 89% to 92%. This has been due to work undertaken in the area to understand Rosehill's contribution to the neighbourhood. Also a number of neighbourhood initiatives have taken place during the reporting year including community fun days, a community pantomime and various youth initiatives.

Indicator 3: Substantial increase in the number of complaints received. These mainly relate to issues with new planned maintenance contractor for replacement windows and external doors.
