**From:** Corporate Services and HR Manager  
**Subject:** Draft ARC 2024/25

---

## 1. Introduction and Purpose

- 1.1 Following on from the audit carried out by Ross Morris at the end of April/beginning of May, on our draft return, the data has now all been uploaded to The Regulator's Portal.
- 1.2 The purpose of this report is to present the draft Return for Committee's approval and to seek its authorisation to formally submit the Return to The Regulator.

## 2. ARC Return 2024/245

- 2.1 The draft return is attached for Committee's consideration.
- 2.2 To aid Committee's consideration of the Return, a presentation will be given at the meeting, covering key information.
- 2.3 The deadline for submitting this year's Return is 31<sup>st</sup> May 2025.

## 3. Risk

- 3.1 When considering the compliance with the Charter/ARC, we have identified the main risks under the following risk categories and the measures we have taken to mitigate such risks.

Risk Category	Mitigating Measure
Fail to comply with The Charter/ARC	Annual external audit of ARC prior to submission to SHR;

## Annual Return on the Charter (ARC) 2024-2025

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Social landlord contextual information" section.

C1.3.2 - Turnover of Staff. We had a number of individuals employed on fixed term and temporary contracts to provide cover for long term sickness / vacancies. Once these positions were filled, or the post holder returned to work, the contracts came to an end. As the individuals were employed on a contractual basis they were included in our turnover calculation. This resulted in a high turnover figure for the year.

## Annual Return on the Charter (ARC) 2024-2025

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Overall satisfaction" section.

Figures are based on our tenant satisfaction survey report completed in 2022. This indicated that there was a negative, lingering effect of COVID-19. This resulted in satisfaction levels decreasing from 92.2 in 2019, to 86.2% in 2022.

A new tenant satisfaction survey is due to be carried out later in 2025.

## The customer / landlord relationship

## Annual Return on the Charter (ARC) 2024-2025

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "The customer / landlord relationship" section.

As per the tenant satisfaction survey results, covid/lockdown has had a negative impact on satisfaction levels. A new tenant satisfaction survey is due to be carried out later in 2025.

## Housing quality and maintenance

### Quality of housing

#### Scottish Housing Quality Standard (SHQS) – Stock condition survey information (Indicator C8)

C8.1	The date your organisation's stock was last surveyed or assessed for compliance with the SHQS	03/2025
C8.2	What percentage of stock did your organisation fully assess for compliance in the last five years?	73.00
C8.3	The date of your next scheduled stock condition survey or assessment	03/2026
C8.4	What percentage of your organisation's stock will be fully assessed in the next survey for SHQS compliance	20.00
C8.5	Comments on method of assessing SHQS compliance.	

The surveys completed this year have been collated in a database and used as a basis for cloning unsurveyed/out of date properties based on property types, ages, development areas and previous historic surveys to project overall compliance. The surveys are carried out by external consultants/qualified staff and they provide a stock compliance statement and observations on overall compliance. We have found increasing difficulty in accessing properties to carry out these surveys and we are looking to align our surveys with the requirements to complete EICRs on a 5 yearly cycle.

## Annual Return on the Charter (ARC) 2024-2025

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Neighbourhood & community" section.

Indicators 3 & 4 - The average time in working days for a full response at Stage 2 - 18.30 working days.

Whilst still within the 20 working days requirement, the figure has increased from last years return of 12.33 working days. This is due to one particularly complex complaint which required an extension, and another complaint where the investigator had to take some unexpected time off work requiring an extension of the deadline (it was felt more appropriate to do this as opposed to asking someone else to take over the investigation)

Indicator 14 - Percentage of tenancy offers refused during reporting year. This year saw 39 offers (9 less than previous reporting year) made with 5 being refused (1 more than previous reporting year).

## Annual Return on the Charter (ARC) 2024-2025

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Access to housing and support" section.

Indicator 23 - The percentage of referrals under section 5 and other referrals for homeless households made by a local authority, that resulted in an offer

This figure has increased significantly (51.52% in 23/24 to 94.74% in 24/25) due to improved ways of working with the local casework team in matching referrals to specific properties.

Indicator 30 - Average number of days to relet properties.

This figure has improved significantly from 58.95 days in 23/24 to 42.27 days due to the continued improvement between departments and contractors to complete void repairs timely without having a negative impact of the standard of these properties.
