Agenda Item: 10
Date of Meeting: 21/05/25

To: The Management Committee
From: The Director
Subject: Quarterly Review of Strategic Risk Register

1. Introduction and Purpose

- 1.1 It is part of the remit of the Audit & Risk Sub-Committee to monitor and review the strategic risks at its meetings. The Sub-Committee also reviews any operational risks that are rated above the associated risk appetite level. The Management Team is responsible for monitoring and reviewing the strategic and operational risks every 2 months at its meetings.
- 1.2 Having an effective risk management system in place is a key component of good governance and effective business planning. Therefore, risk remains a key responsibility of the Management Committee and as such our Strategic Risks are considered by Committee on a quarterly basis.
- 1.3 The purpose of this report is to present the current Strategic Risk Register for Committee's review. Committee is asked to consider the Register and decide whether any further changes are needed.

2. Review of Strategic Risks

- 2.1 The Register was last reviewed by the Management Team at its April meeting and by the Audit & Risk Sub-Committee at its meeting on 08/05/25.

Management Team Review – April 2025

- 2.2 A summary of the changes made by the Management Team is as follows:
 - The pandemic risk was renamed to Business Interruption with specific risks and existing controls being amended to cover a broader risk. The risk rating was also reviewed resulting in the residual rating increasing from 4 to 10.
 - Net Zero – existing controls and additional controls were amended.
 - Banking activities – revised to reflect the cyber insurance review which resulted in the adequacy status being changed to adequate.

2.3 The Management Team concluded no further amendments or additions were required at that time.

Audit & Risk Sub-Committee Review – 08/05/25

2.4 The Sub-Committee considered the changes made by the Management Team at its April meeting, acknowledging the change to the Pandemic risk made sense by incorporating it within a wider risk relating to business interruption.

2.5 There was further discussion about SHNZS and it was acknowledged there is still no updated information available as to when and how this is to be implemented and how it will be funded.

2.6 On completion of its review of the Strategic Risk Register the Sub-Committee concluded that no further changes were required at that time.
